

Thanks for downloading and testing out Death Mesa! I hope that you will enjoy my design and the gameplay elements that my expansion adds to BANG! If so, please share Death Mesa with your friends. If you wouldn't mind, I would also appreciate feedback on this expansion (for the purpose of updating and tweeking Death Mesa) at The BANG! Blog (<http://bangcardgame.blogspot.com>), or via e-mail at martinpulido2@gmail.com. Thanks again,

Martin Pulido
Death Mesa Expansion Designer

If you enjoyed Death Mesa, look forward to my upcoming Robber's Roost Expansion at:

I have also created a variant to BANG! that reduces the random elements of BANG! and makes it more "chess-like." For those who enjoy more strategic games, this variant is for you. Check out BANG! Tactics at:
