A Game of Thrones - Baratheon (FOR CARDS WITH FFG SLEEVES)

1. Box fits on one piece of paper. 110 pound paper works well. Print at 100% (no scaling). Print in landscape mode. Double sided tape works well for constructing box.
2. Note small gap to right of Flap 2. Be sure to cut it out. It is necessary for box to assemble correctly.
3. Cut out box.
4. Fold box to its final shape, then unfold flat again.
5. Apply double sided tape to printed side of each flap: 1, 2, 3, 4.
6. Tape Flap 1 to inside of Flap 3.
7. Tape Flap 2 to inside of Flap 3.
8. Tape Flap 3 to inside of bottom.
9. Tape Flap 4 to inside of the right side.

Tuck Box by Michael Burkard (Kerrin2)
